

Clarica Centre - Hallway Directories

Location Toronto, Ontario
Designer / Architect Gervais Harding Associates
Duration Dec 2005 - Jul 2006

Scope - Soheil Mosun Limited was contracted to fabricate and install 3 non-illuminated, interior building directories for a 3-tower combined commercial and retail centre at the corner of Islington Ave. and Bloor St. West.

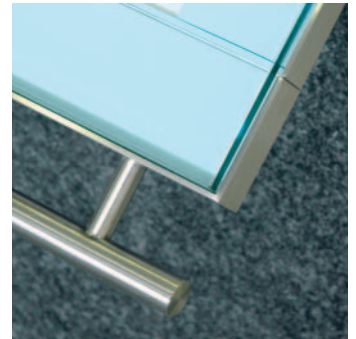

Highlights - Directories utilize a welded steel sub-frames, with Nero Impala black granite cladding at the bottoms, stainless steel cladding at the tops, and cantilevered clear glass faces protecting full-color printed maps and tenant information.

Back of directory featuring brushed st. stl. cladding

Polished st. stl. lettering on brushed st. stl. cladding

Precision welded st. stl. with brushed finish

Freestanding directory with st. stl. and Nero Impala black granite cladding as well as cantilevered clear glass face

Customer using wayfinding directory
