

OC Tanner - Glass Elevator

Location Salt Lake City , Utah
Designer/Architect MJSA Architects
Duration Mar 2009 - Sept 2009

Scope - Soheil Mosun Limited was contracted to design, engineer, build and install this glass elevator for the OC Tanner flagship store, a re-developed heritage building in Salt Lake City, Utah.

Highlights - The elevator showcases 1/2" tempered, laminated Starfire glass with a graduated, translucent white interlayer at the sides and front, while the rear wall glass incorporates a screen printed fully illuminated image. The glass is framed by the brushed stainless steel ceiling and baseboard. The brushed stainless steel car operating panel features incised and infilled, backlit, alpha and numeric characters, embossed braille characters and brushed stainless steel buttons. Concealed white lighting is diffused throughout the interior.

The entire back wall laminated glass panel is printed with a depiction of a blossoming cherry tree
