

Lanterra Development - 234 Simcoe Street - Public Art Installation

Location Toronto, Ontario
Designer/Architect Ryan Gander
Duration Apr 2022 - Apr 2025

Scope - Soheil Mosun Limited was commissioned to manufacture design, build and install this remarkable and creative piece of public art sculpture at the artist's Alley condos in Toronto, depicting a large rock with a stainless steel clock face and a sleeping granite cat telling a story conveyed by the artist, Ryan Gander.

Highlights -The main clock element of the sculpture is mirror polished stainless steel and is 7' 2" high and 5' 8" wide with a depth of approximately 1'. The rock or stone element is formed and painted to resemble a geological sample that was marked and is indicated by the large sample number 'PC-649' on the back face of the sculpture. The cat at the base of the sculpture is made from one piece of solid Cambrian black granite and was hand sculpted.

The three sculptural elements of clock, rock & cat
